

ANN ADRIAN
Foundation Director

Ann comes from an entrepreneurial background as the visionary and owner of Goodnight Room, a multi-million dollar children's specialty store in Tigard, Ore. Previously Ann was an executive at Nordstrom serving in numerous leadership roles.

"I combined my passion for people, products and presentation into unique service driven stores where families could find the products that they needed to create magical environments for their children," she says.

Ann's role as executive director includes fundraising, community engagement and strategic planning for the organization, to bring the mission of the Vital Life Foundation to a wider audience across the United States.
